EDUCATION

Vignan's Institute of Information Technology, Duvvada Visakhapatnam — 9.01 CGPA
Bachelor of Technology in Computer Science — *2021 - 2025*

EXPERIENCE

Backend Developer Intern — May 2024 – Present
Yarasi Tech - Django,graphql-api,docker,postgresql — *Chennai,Tamil Nadu*

- Developed and maintained Graphene-Django-based applications, improving data query efficiency by 30% through optimized GraphQL queries and resolvers
- Designed and implemented GraphQL schemas, including queries and mutations, enhancing the API's flexibility and reducing development time by 25%.
- Participated in code reviews and contributed to team discussions on best practices, leading to reduction in bug occurrences and improved overall code quality.
- Implemented authentication using graphql-jwt, customized the register and token-auth mutations,for making it more flexible.

PROJECTS

StudRes | *Python, Django, SQL* — [Github](#)

- Developed a full-stack web application using Django.
- Built a website specialized for students to access their attendance results and receive notifications about events in their college.
- Admin panel is also provided for staff members

Task-Manager | *React.Js,Tailwind* — [Github](#)

- Built this app using React.js and Tailwind.
- App allows users to create tasks and also organize them with sub-tasks.
- Provides a streamlined interface for managing task-hierarchies efficiently.

CRM | *Django,PostgreSql,Html,Python* — [Github](#)

- Customer Relationship Management Website
- Developed to streamline sales, marketing and customer support activities
- Implemented continuous delivery using TravisCI to build the plugin upon new a release
- Admins can monitor customers and orders so there wont be any discrepancy

Cart-Saver | *React.Js,Express* — [Github](#)

- The app allows users to add items to a shopping cart and review them before checkout.
- Upon confirming the order, the app sends the order details to the backend for storage.
- This functionality ensures seamless tracking of user purchases and efficient data management.

TECHNICAL SKILLS

Languages:Python, C/C++,, JavaScript, HTML/CSS, R
Frameworks: React, Node.js,Django,Express,Tailwind
Developer Tools: Git, Docker, VS Code, Visual Studio, PyCharm
Databases:PostgreSQL,sqlite,MongoDb
Api:REST-API,GRAPHQL-API

ACHIEVEMENTS

Top 9% in [Leetcode](#) (highest rating 1767)
3 star in [Codechef](#) (highest rating 1664)
Solved over 1000 problems accross multiple platforms
